

INTERMOUNTAIN VOLUNTEER FIRE & RESCUE DEPT.

THE PLOT THICKENS....

April 2011

Dear Potential Donor / Sponsor

The IVFRD Auxiliary is preparing for our upcoming "THE PLOT THICKENS....A NIGHT OF MYSTERY AT THE LIBRARY" fundraiser. This mysteriously fun event will include dinner, entertainment, opportunity drawings and our famous auction. Join in the excitement on Sat. July 30, 2011 from 6:00 p.m. to 10:00 p.m. at the Ramona Library on Main Street. Last years event was attended by 310 local residents and supported by your generous donation.

Thanks to your generosity, and that of other community partners, last years financial challenges were met. We were able to cover the ever increasing day to day costs of providing larger crews on a 24/7 basis. We were also able to maintain our fleet of firefighting equipment, and put on a professional quality training Academy for new volunteers.

Community support is critical for at least two important reasons. First, while all our firefighters and staff are volunteers, it costs real money to provide the critical safety equipment they need and we do not receive State or local government funds to cover all our day to day expenses. Secondly, the money you contribute through your contributions can be used as matching funds to leverage grants by as much as ten to one in some cases.

AUXILIARY A.K.A. "THE HOT SPOTS" PRESENTS:
A NIGHT OF MYSTERY AT THE LIBRARY

In addition to firefighting, IVFRD responds to accidents and other emergencies in a 125 square mile service area that includes Highway's 78 & 79 between Ramona and Julian. Thousands of vehicles travel these roads en route to Julian and the desert and we responded to over 250 calls in 2010. We are the first line of emergency service here and to maintain a professional level of service more money is badly needed.

To continue the success of the department, please consider donating an item or service to be sold at the event. Any other contribution is also welcomed. Your support is greatly appreciated and acknowledged. This is our primary fundraiser and will be attended by several hundred residents of North County. Your support will be highlighted at the event and included in the programs that every attendee receives.

To confirm your contribution, or arrange the pick-up of your items, please contact our Auction Item Coordinator,
Lora Tustison; phone number: 303-502-4226
or email: hotspots2011@live.com
Your donation is very much appreciated.

Sincerely, Sharon Greene, Treasurer, IVFRD Auxiliary

The Intermountain Volunteer Fire & Rescue Department is a 501(c) 3 non-profit service corporation.
